

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is anti-American. It only underscores the way the Republican Party will go to any dirty depth to maintain falsehoods and lie straight faced while looking you in the eyes.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. It's evident with this "agreement" that it is only serving itself and turning away from their true motivations behind their actions on the airwaves. It's a sad and desperate statement on their part and they should be ashamed of their endeavors.

But when large companies control the airwaves, we get more of what's good for the bottom line and less of what the people of America need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about honest issues that matter to the millions of Americans.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. These purely self serving actions show why the license renewal process needs to involve more than a returned postcard for goodness sakes. Make them wake up and be accountable for such outrageous behavior. Thank you.
